

Comments submitted to Assembly Committee on Health Public Hearing Wednesday, January 13, 2016.

To: Representative Joe Sanfelippo, Chair, Assembly Committee on Health.
CC: Thomas Ryan, Executive Director, Department of Safety and Professional Services.

From: William Weis, DPM, Chair, Podiatry Affiliated Credentialing Board.

RE: Assembly Republicans' Red Tape Review of Podiatry Affiliated Credentialing Board codes.

On July 30, 2013 the Podiatry Affiliated Credentialing Board performed a complete review of Wisconsin Administrative codes Chapters Pod 1 through Pod 6 in accordance with Wisconsin Executive Order 61 relating to job creation and small business expansion. The board, unanimously, did not find any unnecessary burden on small businesses to conduct their affairs.

The podiatry credentialing board remains committed to balancing the impact of our rulings on small businesses while maintaining protections for Wisconsin citizens who are cared for by podiatrists.

The Podiatry Affiliated Credentialing Board appreciates the work of the Assembly Committee on Health.

Respectfully submitted,

William Weis, DPM
