PROPOSED ORDER

An order of the Veterinary Examining Board to repeal VE 2.01 (2); renumber and amend VE 3.03 (5); to amend VE 3.03 (intro.) and VE 8.03 (1) relating to entrance to examinations.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted:

Section 440.071, Stats

Statutory authority:

Sections 15.08 (5) (b), 227.11 (2) (a), Stats., and 2013 Wisconsin Act 114.

Explanation of agency authority:

Pursuant to ss. 15.08 (5) (b) and 227.11 (2) (a), Stats., the Veterinary Examining Board is generally empowered by the legislature to promulgate rules that will provide guidance within the profession and interpret the statutes it administers. 2013 Wisconsin Act 114 requires the Department of Safety and Professional Services and its attached boards to allow candidates for licensure to take their examination for a credential before completing their post-secondary education. This statutory change prompted the Veterinary Examining Board to exercise its rule-making authority to amend pertinent sections of Wis. Admin. Code specifically, ss. VE 2.01, VE 3.03, and VE 8.03 in order to give guidance within the profession related to entrance to examinations.

Related statute or rule:

None.

Plain language analysis:

Before 2013 Wisconsin Act 114, applicants for veterinary credentials were required to either have graduated from a school of veterinary medicine or expected to graduate no later than 10 months after the last date of an applicable testing period before being allowed to sit for the North American Veterinary Licensing Examination (NAVLE). Act 114 removed both requirements to sit for the NAVLE. Now applicants for veterinary licensure in Wisconsin are able to take the NAVLE before completing their post-secondary education. However, applicants must continue to comply with the National Board of Veterinary Medical Examiners requirements before taking the NAVLE.

SECTION 1. repeals the requirement to have graduated or expect to graduate from a veterinary college within 10 months of the last applicable testing period before taking the NAVLE.

SECTION 2. removes the requirement for veterinarians to complete their application within 140 days of the examination.

SECTION 3. removes the requirement that a veterinarian who has not yet graduated provide a letter to the board notifying the board of an expected graduation date.

SECTION 4. removes the requirement for veterinary technicians to complete their application within 30 days of the examination

Summary of, and comparison with, existing or proposed federal regulation:

Comparison with rules in adjacent states:

Illinois: Illinois has a rule similar to the current Wisconsin rule whereby applicants must have graduated or be enrolled in an approved veterinary program and certify that the applicant will graduate from that program. “If certification of graduation is not received

within 90 days after the scheduled graduation date, the results of the examination shall be void.” 68 Ill Admin. Code 1500.10.

Iowa: Iowa requires applicants for veterinary licensure to meet the guidelines established by the National Board of Veterinary Medical Examiners (NBVME). The applicant sends proof of completion of the NBVME application process and the administrative fee to the Iowa Board of Veterinary Medicine. Iowa Admin. Code R 811-6.1.

Michigan: Michigan requires applicants to graduate from veterinary college before becoming licensed. Mich. Admin. Code R. 338.4902.

Minnesota: Minnesota requires a diploma, or a certificate from a college of veterinary medicine in which the applicant is enrolled certifying that the applicant will graduate at the completion of the current academic year. Minn. Stat. §156.02.

Summary of factual data and analytical methodologies:

No factual data or analytical methodologies were used in drafting the proposed rule due to the proposed rule being prompted by recent legislation.
